

# WTHIMA

Volume 1, Issue First Quarter

This is our first quarterly newsletter to update everyone on current happenings with WTHIMA. Our goal is to share important and useful information to all of our members in the coming year, especially current events. Our quarterly meeting was a huge success with a presentation on “Ready for Success” by Bryon Pickard, MBA, RHIA. Bryon is an inspiration to all of us as he encourages us to ask ourselves four questions to put together our own professional development plan to prepare for the changing face of information management:

1. How are you preparing for the future?
2. What’s your view of the environment?
3. Do you know where you are going?
4. What’s your commitment to yourself?

Take a few moments to think about these questions and answer them as part of your own professional development in the coming year.

As an association we are looking at these questions as we prepare our own strategic plan for the coming year. So look forward to coming updates and let us know how our association can better meet your needs.

What else happened at our quarterly meeting?

We had a great door prize that was won by Becky Hancock!

Recognition was given to Amanda King and Bryon Pickard on their recent awards!

Amanda – Achievement Award

Bryon – Distinguished Member Award

We have so much to look forward to this coming year. Please check out our website at [thima.org](http://thima.org) for upcoming events and meetings.
